DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with William Pieprz on January 15, 2008.

2. The application has been amended as follows:

In claim 13, line 5, after the word "segment" inserted --of--.

The examiner's amendment above was made to correct a grammar error.

Allowable Subject Matter

3. Claims 1-11, 13-20, and 22-37 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art of record fails to teach or make obvious the steps or means for **"a unitizer configured to divide metadata, corresponding to segments subjected to processing, into metadata processing units set so as to make possible partial execution of the metadata"**, when such unitizer is considered within the specific structure of the device recited in claims 1, 14, and 26 or the method recited in claims 28, and 30. The prior art of record fails to teach or make obvious the steps or means for **"a capsulizer configured to capsulize post-synchronization data stream packets and metadata processing unit packets, unit by unit, so as to make possible partial execution of**

the metadata, and to generate a capsulized data stream", when such capsulizer is considered within the specific structure of the device recited in claims 13, 20, 22, and 27 or the method recited in claims 29 and 31.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
